ABSTRACT

As part of the State Regents' cooperative effort with the Oklahoma State Department of Education to provide measures, or indicators, of educational performance, the High School Indicators Project has produced this report. It provides one way of assessing the educational performance of first-time, entering freshmen who have gone directly to college from high school. It is an indicator of the adequacy of their educational preparation. The report gives the academic year headcount, the semester hour total, and the grade point average (GPA) (in college) for entering freshmen who are 17, 18, or 19 years old. For each county, district, and high school site the total headcount, semester hours, headcount number and percent by GPA, and semester-hours number and percent by GPA are provided by each public institution of higher education in Oklahoma and each higher education tier. Because of this detailed information, the full report is over 1,000 pages long. This summary in chart form presents information by site and county. (SLD)

OKLAHOMA EDUCATIONAL INDICATORS PROGRAM

HEADCOUNT, SEMESTER HOURS, AND GPA REPORT

As part of the State Regents' cooperative effort with the State Department of Education to provide measures or "indicators" of educational performance, the High School Indicators Project has produced the Headcount, Semester Hours, and GPA Report. This report provides one method of assessing the educational performance of first-time-entering freshmen that go directly to college. It is an indicator of the adequacy of the educational preparation of the previous year high school graduates.

The data used to construct this report have been categorized in cooperation with the State Department of Education by county, district, and high school site. This report provides academic year headcount, semester hour, and cumulative GPA information on 17-, 18-, and 19-year-old first-time-entering freshmen. These are the same students identified in the most recent single-year section of the "High School to College-Going Rates of Oklahoma High School Graduates" report. For each county, district, and high school site the total headcount, semester hours, headcount number and percent by GPA (0.0-1.6, 1.7-1.9, 2.0-2.9, 3.0+), and semester hours number and percent by GPA are provided by each individual public institution of higher education and higher education tier.

For public institutions of higher education with five or fewer students, the headcount and total semester hours have been entered but no additional GPA information has been provided in order to comply with the federal Privacy Act. An asterisk has been entered next to the headcount reported as a reminder that this situation exists. If the headcount for tier totals (comprehensive, four-year, two-year, and total) is greater than five, the GPA data for headcount and semester hours are provided.

Due to the detailed information provided for each high school site, district, and county in Oklahoma, the report is over a thousand pages long. Consequently, the summary by site/county has been selected for your review as an attachment.
